

Dyson & Dyson Sotheby's International Realty Top Producing Agent 1998-2007

Bruce Blomgren Representing the Ultimate in Luxury Real Estate

In 2007, Bruce Blomgren once again obtained Dyson & Dyson Sotheby's International Realty's highest level of success, the Millennium Award, and was recognized as one of the Top Producing Agents in the Desert Empire over the past 10 years! With last year's sales of over \$69 Million, Bruce is not only one of Dyson & Dyson Sotheby's International Realty's top listing agent, but arguably the valley's most successful independent agent, based on listing and sales production.

Since 1998, Bruce has participated in over \$600,000,000 (over 1/2 Billion!) in transactions in some of the valley's most prestigious areas. Developments such as Bighorn Golf Club, The Reserve, Tradition Golf Club, Mirada Estates, Toscana, Clancy Lane, Rancho La Quinta and Desert Horizons, to name a few, represent a high concentration of Bruce's business and reflect the First-Class image for which his name is synonymous.

In addition to matching buyers and sellers of premier properties, Bruce works closely with developers who require his knowledge of Coachella Valley real estate inventory and sales trends. Respected as a top authority in valley real estate matters, Bruce is often quoted in the media and is frequently engaged to evaluate real estate marketing plans and feasibility studies.

Having assembled a great team of professionals, Bruce is able to focus on identifying and fulfilling the needs of his clients. Renowned for his one-on-one brand of attention, Bruce continually receives referrals from his long list of satisfied clientele. Bruce's son, Keith, has been an integral part of his real estate team since 1998.

In his free time, Bruce and his wife Vickie are actively involved in the raising and education of their two daughters Laura and Erica. Bruce's older daughter, Bobbie Korn, is also a Realtor in Temecula. Bruce is a past Director of the California Desert Association of Realtors, as well as Marywood Country Day School. Currently, Bruce is on the Advisory Boards of Dyson & Dyson Sotheby's International Realty and Desert Commercial Bank.

Respected Real Estate Broker since 1980, and desert resident since 1984, Bruce's enthusiasm for success is evident in all areas of his life. Both in and out of the office, his massive reservoir of knowledge is only exceeded by his friendly and down-to-earth nature...elements which, when combined, undoubtedly reveal the secret of his success.
